Subject: Request for Sidewalk on Waverly between Old Lansing Rd and the Grand River

The Lewton-Rich Neighborhood Association by way of passing a motion during its September 2010 Neighborhood meeting indicates its support for a sidewalk between Old Lansing Rd and the Grand River Bridge.

Noting that the current pedestrian foot path is dangerously narrow and inhibits residents from commuting to the neighboring restaurants and retail stores at the plaza just north of Old Lansing Rd. As we have residents who are unable to enjoy the benefits of our neighboring resources due to these dangerous conditions.
